SPOKANE VALLEY CITY COUNCIL | TUESDAY, MARCH 31, 2026 | MEETING RECAP

This week's Spokane Valley City Council meeting began with an invocation, the pledge of allegiance and approval of the following meeting agenda. Mayor Padden and Councilmembers Yaeger and Merkel were excused from the meeting.

General Public Comments

Each week, community members have an opportunity to address Councilmembers for up to three minutes during the General Public Comment period, either at the beginning or end of each meeting, either in person or via Zoom.

ACTION ITEMS

#1 – Consent Agenda

The Council unanimously approved the consent agenda, which included vouchers for paying city expenses and payroll, and minutes from the following Council meetings: Feb. 3, 2026, Feb. 10, 2026, Feb 17, 2026, and Feb. 19, 2026.

#2 – Potential Grant Opportunity: Pedestrian Bicycle Program (PBP) and Safe Routes to School (STS)

The Council reviewed this topic at the March 3, 2026, meeting. The Washington State Department of Transportation (WSDOT) has issued a call for projects for the PBP and SRTS programs, which are designed to improve safety and encourage walking and bicycling. There are no local match requirements for the PBP and SRTS programs. Staff have identified five projects eligible for the grant programs. The projects listed below were recommended for applications.

Pedestrian Bicycle Program:

- Barker/Appleway Roundabout
- Appleway Crossings
- Arterial Crossings
- Pedestrian/Bicycle Safety Improvements Planning: Sprague (Argonne to Sullivan) and Sullivan (Sprague to Mission)

Safe Routes to School Program:

- Citywide School Zone Flashing Beacon, Rectangular Rapid Flashing Beacon and Speed Feedback Sign Installations

A motion to authorize the City Manager or designee to apply for the projects as identified in Table 1 passed unanimously.

#3 – Interlocal Agreement with Spokane County – Opioid Remediation

The Spokane Regional Opioid Abatement Council and opioid settlements have been discussed by Council at numerous meetings since 2022. Staff recapped the opioid settlements secured by the State of Washington and litigating local jurisdictions from various entities involved in production, sale and distribution of opioids. The City has received approximately $121,000 in settlements to date; all funds must be used for opioid remediation and ten percent must be directed to Spokane County for operating the Opioid Abatement Council.

The City committed $57,200 in an agreement with Spokane Regional Health District for increased data collection and an expanded opioid dashboard, in addition development of a needs assessment. For the remainder of the opioid settlement funds the Council gave consensus for staff to negotiate an agreement with Spokane County to contribute to operation costs and the explanation of the Spokane Regional Stabilization Center (SRSC). The proposed interlocal agreement would contribute city opioid settlement funds to the SRSC.

A motion to approve the interlocal agreement with Spokane County for the SRSC expansion project and annual operation costs passed unanimously.

NON-ACTION ITEMS

#4 – Safe and Healthy Spokane Regional Task Force Update

On October 21, 2025, Council gave consensus for the City to participate in the Safe and Healthy Spokane Regional Planning Team and Task Force. Entities involved in this organization collaborate in discussions regarding public health, safety and justice throughout the Spokane region. Mayor Padden, Councilmember Haley and City Manager Hohman participate on the Planning Team and Deputy City Manager Lamb is a member of the Task Force, with City Services Administrator Mantz serving as alternate. Mr. Lance Beck of Greater Spokane Inc. and Mr. Zeke Smith of Waters Meet Foundation provided an update on Task Force meetings to date and upcoming discussions.

#5 – 2026 Economic Trends Report #1

Dr. Patrick Jones and Dr. Kelley Cullan of Eastern Washington University's Public Policy and Economic Analysis Department presented the first of four reports for this year, addressing detailed economic analyses and trends specific to the City of Spokane Valley.

#6 – Spokane County Housing and Community Development (HCD) Grant Applications

Each year, Federal Department of Housing and Urban Development (HUD) provides HUD entitlement funding to Spokane County. The County recently issued a Request for Proposal (RFP) for the use of the 2026 HUD entitlement funds. On March 10, 2026, applications for affordable housing, community development and community development block grants were presented to Council. This discussion is regarding applications for homeless services. Staff reported on the available funding sources, application timeline and process. 18 applications were received by the County and the Housing and Community Development Advisory Committee (HCDAC) is currently reviewing and rating applications. Deputy Mayor Hattenburg and Councilmember Wick are members of the HCDAC. Council was asked to provide input on the applications. Authority to make the grant application funding decisions lies with the Board of County Commissioners.

I was out and about this past weekend and I saw anglers everywhere I went. There was great turnout for the Quincy Chamber of Commerce Trout Derby on Burke and Quincy lakes, and I saw a lot of fly fishers on Lake Lenore and Dry Falls Lake on my way up to Coulee Dam. The parking lot was packed with trucks and trailers at the Northrup launch on Banks Lake.

I visited the Quincy Wildlife Area on Saturday to see how the annual Quincy Valley Chamber of Commerce Trout Derby was going. I saw one of the biggest crowds I had ever seen at Quincy and Burke lakes. There were all manner of motor homes, trailers, campers and tents set up everywhere. There were boats all over both of the lakes and people at most of the shore accesses as well. I talked to several anglers, and they reported that the fishing on Friday was very good with lots of big rainbow landed. Fishing was slower on Saturday, but people were enjoying the day. It started out cloudy and chilly but warmed up and the skies cleared later in the day. Once again, the Quincy Chamber had amassed a huge number of prizes and thanks to a generous donation from the Quincy Valley Medical Center it looked like every child would get a rod and reel. The results of the derby will be posted on the Quincy Chamber Facebook page. While I was there, I checked on the boat ramp at the top end of Evergreen Reservoir. The water is up and a small boat had launched, but there was a lot of debris in the water. A recent wind had pushed it up against that shore. This week's photo is of the mass of prizes that were handed out at the Quincy Derby.

I wanted to do a video and to do it on the water. The Quincy Wildlife Area would be a good place, and Tom Vershueren came along with me. Tom and I had fished for bass on Evergreen Reservoir a few times, but he had never fished for trout on the other lakes. As we entered the Wildlife Area, I pointed out Stan Coffin and H lakes and even showed him the trailhead and view of Dusty Lake. At Quincy Lake I used a casting bubble and fly and gave Tom a Lil Jake lure. We had no success and we pushed on to Burke Lake. I tried casting near the handicapped platform and Tom walked out on the dock at the boat launch. While I didn't get a sniff, Tom had a couple of trout chase his lure and even landed a couple of one-pounders. I took a shot of the boat launch at Evergreen and then we drove to Martha Lake where Tom landed another fish. We ended the tour at Caliche Lake were we didn't get a bite. Tom was amazed at how many great lakes were so close to Quincy.

One of the lakes in our region that gets less attention that it deserves, in my opinion, is Omak Lake, on the Colville Indian Reservation. I have been fishing this big, beautiful lake for about 30 years. Although I have had feature stories published in magazines and posted numerous reports and photos of my trips to Omak, I am often the only boat on the lake when fishing there. In April last year a friend and I traveled there to inspect the condition of the boat launch on Nicholson Beach. It has always been very rough and the boat I was driving that season was much larger than usual. It didn't take long to determine that there was no way I was going to put the boat, which was 23 feet long overall, in the lake at this launch. In the short time we were there we watched a group of fly fishers casting from the shore, land fish. It reminded me that the big Lahontan cutthroat that inhabit the lake cruise close to the shore in the spring. Casting spoons and spinners works very well. Tribal permits and licenses are required to fish this lake, and others on the reservation.

With the mild weather we had this winter I am thinking that some spring fisheries will blossom earlier than usual this year. One could be the bass fishing on Moses Lake. In past years I spent very little time fishing for bass, as I was focused on the walleye fishing. So, when I dedicated some time to the bass fishing the results were very impressive. I got an assignment to do a video on the bass fishing on Moses Lake. I tried a couple of areas that I really hadn't explored before. One of those spots was the reef I had talked about in earlier reports and shared its location with a photograph. I had anticipated catching some smallmouth on that reef but didn't expect to get as many largemouth as we did. The nearest launch to reach this reef is Connelly Park. The same day my friends and I fished around Gaileys Island at the other end of the lake. This also produced both big smallmouth and largemouth bass. We were casting Brush Hogs and lizards to the shore at Gaileys and on the reef where we started. I am very excited to get out on Moses Lake for some pre-spawn bass fishing!

Looking back a year ago, I came across a photo of my fishing buddy Dennis Beich with a nice rainbow he landed on Rufus Woods Reservoir. This is usually the time of year that the Colville Tribe makes releases of triploids into Rufus. We hit the reservoir right after there had been a release of thousands of them. I launched at the middle net pens and then ran up a ways and watched my depth sounder until I found a good mass of fish on the screen. We tied on either marabou jigs or plastics, pinched the barbs down and had a blast catching and releasing trout. I got a notice that indicated that the releases have begun, and that as many as 25,000 were released recently. The average weight of the trout was just over a pound, which I believe is smaller than many of the previous plants. This is just one of several plants that the tribe typically does in the spring. Some of the releases are of a smaller number but of much larger fish. I have announced a derby that is being conducted by the tribe, and these releases should spark interest in participating.

OPERATION DOG TAG

OperationDogTag.org

After 6 years of dealing with my husband's PTSD, his self-medicating, getting prescribed medications, going to treatment facilities and psychiatric wards he found himself at the bottom. A random nurse picked up on his PTSD behaviors and suggested Operation Dog Tag. As we were leaving a Humane Society event my husband saw Shelby walking up with a volunteer. I could tell that he instantly bonded with her when I had to pry him away to fill out the adoption paperwork. The very next day Joe Scheffer called and set us up with all the details.

"In my opinion Operation Dog Tag is the best form of PTSD treatment," says Chris Carson E-6 retired. "The program is not just another medicine to try, it's not group or individual therapy, its not painful PTSD treatment making you re-live your combat experience with a head doc. It's a tool and powerful weapon fighting off your PTSD symptoms. Shelby is the first thing in this world that has a pulse that I was able to start trusting and count on after the war."

Shelby is now being trained for my husband as a "Battle Buddy", helping him cope with his symptoms such as hyper vigilance, isolation and crowds. Without her my husband would

probably have never left the house or the couch for that matter.

Operation Dog Tag helps the veterans, spouses and family members by teaching us how to transition into a new life with a working dog as part of the team to battle PTSD.

A dog is not the "magical cure" but by experience it can dramatically change a person for the better.

MEET WHIRLEY, A SPUNKY PUP WITH THE PERFECT MIX OF
Playful energy & laid back charm. While she can get adorably high energy when she's excited, Whirley is generally a pretty chill companion who's happy to hang out with her people. She loves going on walks and is a great leash buddy. When it's time to relax, Whirley is happily crate trained & will often choose to go into her crate on her own for a cozy nap or to play with a toy. Whirley has a wonderfully silly personality and keeps things entertaining with her playful antics. She's a big fan of chew toys and enjoys the occasional stuffie she can toss around. She loves to fetch and will happily carry her tennis ball to her bed for rest time when she's done. She already knows simple commands like sit and down and would love to continue training if there are treats involved. She loves being near her people but is also great at entertaining herself, making her a wonderful balance of affectionate and independent. Whirley is the kind of dog who brings joy, laughs, and a little extra wiggle wherever she goes. While she's great with people, Whirley isn't totally sure how to act around other animals and would likely do best as the only animal in the home. Whirley is 2 years old, about 40lbs, fixed, vaccinations up to date, microchipped & ready for her forever family, adoption fee is $200. PALOU DOMINATES TO WIN IN ANOTHER BARBER BEATDOWN

Alex Palou celebrates his victory at Barber Motorsports Park on March 29. INDYCAR photo

BIRMINGHAM, Ala. (Sunday, March 29, 2026) – Alex Palou appears to be running wild again after another dominant victory at Barber Motorsports Park.

Four-time and defending NTT INDYCAR SERIES champion Palou earned his second victory in four races this season in the No. 10 DHL Chip Ganassi Racing Honda, starting from the pole and winning the Children's of Alabama Indy Grand Prix powered by AmFirst by 13.2775 seconds over the No. 7 Arrow McLaren Chevrolet of Christian Lundgaard.

Palou led 79 of the 90 laps on the 17-turn, 2.3-mile road course.

"Incredible day," Palou said. "I told you qualifying was one of the best car balances I've ever driven. Today in the race, it was pretty good in the beginning, really good at the end, but we suffered a little bit on the used blacks (Firestone Firehawk primary tires) that we had to use.

Graham Rahal placed third in the No. 15 First Third Bank Honda fielded by Rahal Letterman Lanigan Racing, his first podium finish since August 2023 at the Indianapolis Motor Speedway road course.

"I felt like this was coming," Rahal said. "We're pretty pleased with this. Feels good."

David Malukas continued his consistent start to his Team Penske tenure by finishing fourth in the No. 12 Verizon Team Penske Chevrolet. Malukas has placed sixth or better in three of his four starts with the fabled team this season.

Series leader Kyle Kirkwood rounded out the top five finishers – all from different teams – in the No. 27 JM Bullion/Gold.com Honda of Andretti Global.

The next NTT INDYCAR SERIES race is the Acura Grand Prix of Long Beach on Sunday, April 19.

PIT STRATEGY CALL DELIVERS CHASE ELLIOTT VICTORY AT MARTINSVILLE | By HOLLY CAIN, NASCAR Wire Service

MARTINSVILLE, Va. – (March 29, 2026) Good pit strategy and a highly-motivated team rallied Hendrick Motorsports' Chase Elliott to the NASCAR Cup Series victory Sunday in the Cook Out 400 at Martinsville Speedway; the sport's reigning Most Popular Driver delivering Chevrolet its first win of the season all to the delight of a huge enthusiastic crowd at the historic half-miler.

Elliott short-pitted on lap 261 to gain track position then moved his No. 9 Hendrick Motorsports Chevrolet into the lead for good after a restart with 68 laps remaining – ultimately out-running the day's most dominant driver, Joe Gibbs Racing's Denny Hamlin to the checkered flag by .565-second to extend the Hendrick team's track record win total to 31 victories.

"It was definitely a team effort, how about that, that was awesome," said Elliott, the 2020 NASCAR Cup Series champion, who made his very first NASCAR Cup Series start at Martinsville exactly 11 years ago to the day.

"We've never had a win this early in the season," Elliott said, adding,

"Sure is a lot of fun when days like this work out."

Elliott, 30, of Dawsonville, Ga., said he had been confident in the car's speed all weekend and on Sunday, just needed that clutch pit call to get up front and seize the chance.

Hamlin's No. 11 JGR Toyota led a race-best 292 of the 400 laps and for much of the afternoon looked to absolutely run away with his seventh grandfather clock trophy. But after Elliott got out front, Hamlin was playing catch-up and never really was able to get close enough to attempt a pass in the closing laps as the leaders navigated lapped traffic.

Team Penske's Joey Logano rebounded from a rough 33rd-place outing last week at Darlington, S.C. to finish third Sunday – equaling his best showing of the season in the No. 22 Ford.

The season's four-time race winner Tyler Reddick finished 15th but still holds a massive 82-point advantage over Blaney and is 94 points ahead of Hamlin atop the NASCAR Cup Series standings. Reddick's 23XI Racing teammate Bubba Wallace, who finished 36th after triggering a 12-car accident on lap 325, dropped from third place to 11th in the standings.

The NASCAR Cup Series takes the first of the season's two off-weeks next weekend before resuming competition April 12 in the Food City 500 at Bristol Motor Speedway. Larson is the defending Bristol Spring race winner.

Real Estate Trends & Advice

TO FIX OR NOT TO FIX

Realtors® are often asked by potential sellers what they would recommend be fixed prior to the seller putting their home on the market. There are no pat answers to these types of questions because each property is different, every circumstance is different, and every Realtor® has a different style or take on the question. Some are motivated to just get a sale, so asking the seller to spend, spend, spend is the first recommendation they make. Of course, any home sells faster and usually at top dollar when everything is in tip-top shape, but is spending a lot of money on fix-up items really what is best for the seller's bottom line?

The National Association of Realtors® issued a 2025 Remodeling Impact Report showing the top home projects that brought joy to the homeowner and the projects that brought in the most return on investment when the home was sold.

NAR calculated a "Joy Score" for each type of home improvement project. The three projects that received a perfect score are adding a primary bedroom suite, a kitchen upgrade, and new roofing. Close behind are bathroom renovation and interior paint. These projects may not bring the most return on investment, but they will make living in your home more enjoyable and add to the appeal for a potential buyer.

NAR also listed the projects that had the highest return on investment by calculating a Recovered Project Cost percentage. Here are a few of the top projects: new steel front door (100%), closet renovation (83%), and new vinyl windows (74%). A few others farther down the list include basement conversion to living area (67%), kitchen renovation (60%), and a new primary suite (54%).

Almost all of the projects did not recover the amount spent on the renovation. If you were to renovate your kitchen and it cost $30,000, according to NAR's research, it would only recoup 60% of that, increasing the value of your home by $18,000. The statistics for most renovation projects are not that favorable for the homeowner!

You probably won't get your money back on most remodel investments. But look on the bright side! You get to use those improvements until your home sells, and they may help your home sell faster!

Those are all things to consider when you are weighing the cost vs. the benefits of any remodel. Keep in mind that remodeling or upgrading the quality of materials is a different concept than fixing broken items such as windows, water damage, or worn flooring. Repairing items like those (deferred maintenance) is like fixing the brakes on your car. It doesn't make it worth any more, but it is certainly necessary!

The takeaway is to be mindful when choosing renovations—you most likely won't get your money back out of upgrades.
